

Y Early Childhood Program for UVM Medical Center

Application for Enrollment & Employment Verification

Complete and send your application to Joanna Houston at JHouston@gbymca.org

- Income verification is required to determine fee scale eligibility for those who have a family income below \$70,000 annually. Verification will be done by the Y Early Childhood Program.
- If you need to be added to the Center's waitlist, you will be added when this application is approved or upon your UVMCC date of hire, whichever is later.
- Tuition & fees are paid through UVMCC payroll deductions unless approved by the Program Director.
- Child Care Financial Assistance is deducted from the highest tuition tier: parents are responsible for the difference between that rate and what is provided in subsidy from the Vermont Child Development Division.
- Tuition increases typically occur at the beginning of each school year in late August. Recent annual increases have been 5%. See rate sheet for current tuition (available on UVMCC intranet & Y website).

Name of Child _____ Age _____ DOB _____

Youngest groups are full-time only. Pre-school part-time slots available as space allows.

Requested Pre-School Days: Full-time _____ or M Tu W Th F (circle days)
