## Vermont Child Care Subsidy

A new Vermont law (Act 76) makes **more money available** through child care subsidies to **more eligible families**. These funds reduce or eliminate the cost of care for many families.

State subsidy dollars are only available for use at licensed programs such as the Y early care, Y afterschool, and Camp Koda.

The expansion of this funding opportunity starts April 7th. On the back of this page, you will see a table that sets forth family household incomes eligible for subsidy and an estimate of the discounted rate you may pay for Y programs.

To find the subsidy application and additional information on how to apply, go to: [dcf.vermont.gov/benefits/ccfap](https://dcf.vermont.gov/benefits/ccfap)

An agency in each county stands ready to process subsidy applications and answer specific questions about eligibility. Find their contact information on the same website.

**Y Scholarships** – To best align the state subsidy process with our Y financial assistance, we require anyone applying for Y support to demonstrate that they have first applied for the Vermont child care subsidy. However, receipt of Y financial assistance is not contingent upon a family qualifying for state subsidy.

Contact the Y's Business Office with questions at [boffice@gbymca.org](mailto:boffice@gbymca.org) or 802-652-8190.

**Weekly Rate Estimates** – The rates listed below are the estimated costs per week after the subsidy discount has been applied.

Find your gross monthly income at your family size and the Y program that your child will be attending for an estimated rate:
